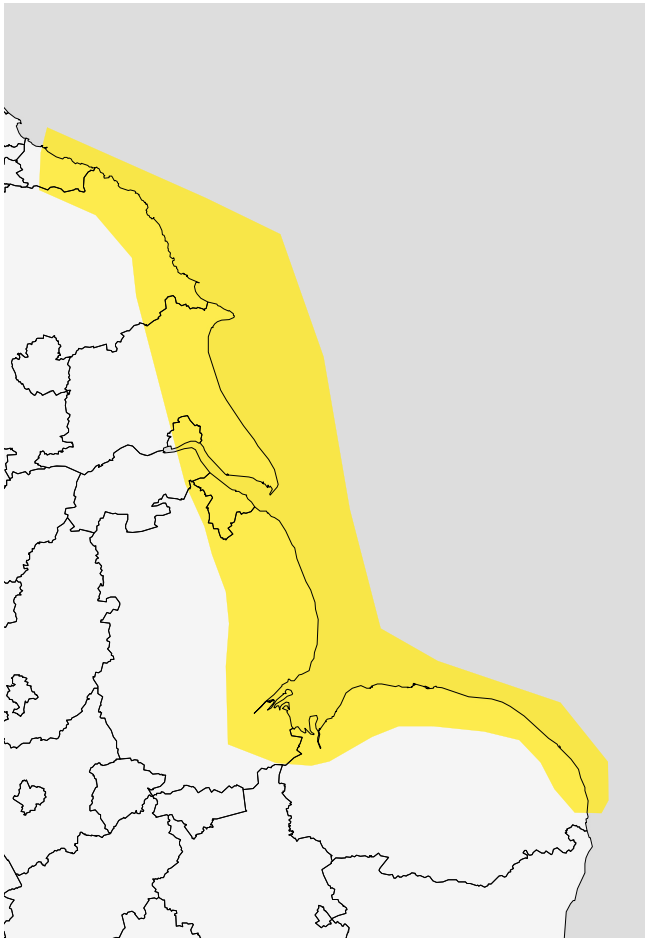
Yellow warning
Wind

Between
05:00 Mon 9 Dec 2019 and
12:30 Mon 9 Dec 2019



Very strong winds are expected during Monday morning which may cause some disruption.

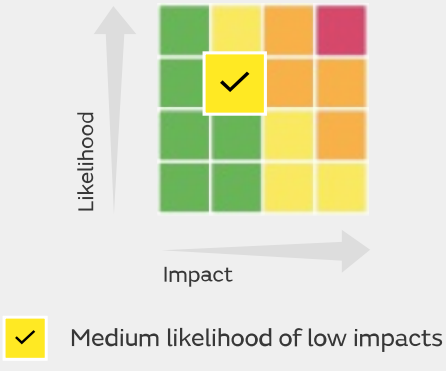
What to expect

- It's likely that some coastal routes, sea fronts and coastal communities affected by spray and/or large waves
- Some short term loss of power and other services is possible
- Probably some bus and train services affected, with some journeys taking longer
- Some delays to road, rail, air and ferry transport are likely
- Delays for high-sided vehicles on exposed routes and bridges likely

Further details

Very strong north to north-westerly winds are expected to move south across parts of eastern England during Monday morning. Gusts of 50 mph are likely inland and 60-70 mph around the coast, especially around north Norfolk.

The very strong winds will be accompanied by heavy and often squally showers of rain and possibly hail. Large coastal waves are also expected.



Medium likelihood of low impacts
